

# Poverty

## Challenges

- *Vagueness of treaty monitoring bodies conclusions e.g. UPR*
- *Lack of strategies and resources to deal with the issue*
- *Difficulties in poverty measurement, and to capture exclusion and discrimination elements*
- *Lack of rights-based information including inter-connectedness between ESC/CP rights / non take-up of rights*

## Actions

- *Collaboration between academics and individuals living in poverty*
- *Engagement with statistical authorities*
- *Advice to government on measuring poverty more effectively, and collecting data on access to services*

## Proposals

- *Translating tools into practices to empower*
- *Building partnerships with organisations on the ground*
- *Engaging with EU and UN processes in developing a HRBA (e.g. UPR)*
- *Getting involved at national level on social pillar implementation plan/ child guarantee*
