This webinar will focus on “Writing effective Rule 9 submissions”, i.e., on the CM execution process, the do’s and the don’ts regarding Rule 9s. Participants will be trained in detail about how to draft effective Rule 9 submissions to the Committee of Ministers. A concrete example from the Public Defender’s Office of Georgia on a case tabled at the December 2020 CM-DH meeting will be used to illustrate our session. Participants are invited to watch, ahead of our session, the video by Head of Division Nikolaos Sitaropoulos, from the Department for Execution of Judgments, which provides some useful tips on writing effective Rule 9s.
